Reference Letter For Jennifer Brown

Jennifer Brown has been an employee here at Motor Makers for the past three years. And in the time that I have known her, she has been a delight to work with, bringing her resilience, and impeccable problem solving skills to every task she has done for the company. Her knack for knowing what the company needs and making it happen are excellent, and she has great innovative ideas.

In the few years I've known her, Jennifer has proven herself a strong employee — diligent, eager to learn and take corrections, able to head big projects and execute tasks to the fullest without supervision. Jennifer stays steadfast in the face of tough deadlines and is always available to assist co-workers whenever she's needed.

Jennifer is just the person to visualize big picture ideas and execute small details. As a marketing associate here at Moto Makers, she creates original content to assist clients with their company's processes and manages the company's media too. She will be great for Carleton University, forming deep-rooted relationships and ensuring successful projects.

I highly recommend her for the Business Psychology course, as I believe the skills she has developed with our company will benefit your university, including the department.

She is well suited to take on the challenges it poses. Jennifer is a talented young woman, and everyone here wishes her all the best with her studies at Carleton.

If you need any additional information, please contact me via email at bensonedozie@motormakers.com or phone at +1787663394.

Best Regards,

Chukwuebuka Amaefula
